### Twenty-third Annual Report,

THE GENERAL COMMITTEE of the ILKLEY CORONATION COTTAGE HOSPITAL have pleasure in presenting their Report for the year 1927, which was the twenty-third year since its foundation.

The number of cases admitted during the year was 273, and 5 were remaining in Hospital from the previous year, making a total under treatment of 278. This is a small increase over the previous year, and it would appear that the full effect of the reduction in the number of private patients, due to the opening of another Nursing Home in the district, has now been felt.

The totals in previous years were as follows :—

In 1920	...	262
„ 1921	...	266
„ 1922	...	255
„ 1923	...	328
„ 1924	...	338
„ 1925	...	293
„ 1926	...	263

Of the admissions during 1927, 114 were males and 159 females.

The average occupation of a bed has been 12.5 days (as against 12.0 days in 1926), and the average number of beds occupied per diem 8.9 (as against 9.3 in 1926).

In making these calculations of the average occupation of a bed, account is taken of the many cases of dental operations and tonsil and adenoid cases, where the patient remains in the Hospital for a very short time. There were in the past year 100 of these cases where the patient was only in the Hospital one, or in a very few cases, two days, and deducting these cases the average for the remaining patients is about 20 days each.

The cases admitted during the past two years were classified as follows :—

	1927	1926
Medical	54	28
Surgical	190	185
Dental	29	42
	—	—
	273	255

Of the above patients 24 were admitted in 1927 as the result of accidents, compared with 27 in the previous year.

The number of operations carried out in the Hospital was 166 (including 29 dental cases) as against 159 (including 42 dental cases) in 1926. Since the Hospital was opened in 1905, 4,578 cases have received treatment, 646 having been medical and 3,932 surgical and accident.

The results of the 278 cases under treatment during 1927 have been as follows : ..

Discharged cured	...	227
Discharged relieved	...	35
Died	...	7
Remaining in Hospital	...	9
		—
		278

The death-rate was 2·5% compared with the previous year's figure of 3·9%. The average for a number of years is about 4%.

Of the 7 deaths during the year, three occurred within 48 hours of admission.

The financial results of the past year are eminently satisfactory. The total income was £1,873, an increase of £323, while the expenditure was £1,813, an increase of only £4 over the previous year, the net result being an excess of income over expenditure of £60, as against a loss of £259 in 1926.

The striking similarity in the expenditure for the past two years, taken in conjunction with the fact that the number of patients in the Hospital was approximately the same, seems to point to the conclusion that the expenditure in a normal year, and apart from any serious alteration in the cost of living, may be considered to have stabilised at about £1,800.

In neither of the past two years has there been any serious capital expenditure or large replacements, and it is a fair assumption that the year 1928 will call for the expenditure of a similar amount.

An examination of the comparative figures of income for the years 1926 and 1927 may therefore be interesting, as indicating what are the prospects that the receipts for 1928 will be sufficient to provide the requisite sum.

The first two items of income are the annual subscriptions and the donations. The subscriptions have increased by £39 to a total of £402, and the donations have increased by £146 to a total of £338.

To digress for a moment, it may be remembered that in the Report for the year 1926 the Committee, after referring to the serious decrease in the receipts from patients using the private wards, said "To meet the altered situation the Committee are obliged to appeal "to their friends and subscribers to endeavour to increase their "subscriptions and donations. Without some considerable increase "from this source, the Committee cannot feel assured that the income "of the Hospital will be sufficient to meet the normal expenditure to "which they are committed."

The response to this appeal, resulting in a total increase of subscriptions and donations of £185, is a source of the greatest gratification to the Committee.

To return to the income account, the contribution of £60 from the Ilkley and District Workpeople's Fund is practically the same as last year, but there is a considerable increase in the amount of congregational collections, these amounting to £41 4s. 4d. as against £19. The details are as follows :—

	£	s.	d.
Ilkley Parish Church 1926	...	7	8
Do. 1927	...	13	18
St. Margaret's Church, Ilkley	...	10	0
Ben Rhydding Parish Church	...	5	0
Christ Church, Nesfield	...	2	12
Ilkley Children's Church	...	1	4
St Peter's Church, Addingham	...	1	0
<hr/>			
	$\text{£}41$	4	4

The Committee thank the Clergy and Congregations of the Churches who have so generously helped them.

The Hospital Flag Day, now a well recognised institution, produced a sum of £109 16s. 5d., about 5s. less than the previous year. The Committee again wish to recognise the splendid services of the organisers and collectors of this fund.

The income received from patients is £537, an increase of £16. The ordinary patients paid £413 against £373, and the private patients paid £124, as against £148.

The following special donations have been received during the year, and the donors and those who have organised and carried out the various functions concerned are most cordially thanked for their contributions :—

		£	s.	d.
Donation towards endowment of "Myra Cot"		75	0	0
Mr. Ogden's Lecture on "Rome" ...		63	1	2
Les Bons Amis d'Olicana Dances ...		51	15	7
9th Duke of Wellington's Old Comrades Association	... ...	50	1	8
Dance per Mr. A. Durrance	...	44	0	0
West Riding Constabulary Whist Drive and Dance		30	0	0
Ilkley U. D. Council—Balance of winding up of the Ilkley Branch of the V.A.D.	...	29	3	10
Mr. W. E. G. Ashworth	...	10	10	0
The Misses Sutcliffe and Mr. S. G. Sutcliffe	...	10	0	0

A full list of the numerous other donations of smaller amounts will be published with this Report.

In addition to the above, a special grant of £150 has been made by the Council, under the provisions of a recent Act of Parliament, for the current financial year of the Council. £75 has been received during the Hospital year, and the Committee wish gratefully to acknowledge the assistance they have received from the Council in making this grant, and also in providing and maintaining the Motor Ambulance, which is at the disposal of the patients of the Hospital on satisfactory terms.

The income from investments is identical with the previous year, and this review of the past year's receipts shows conclusively that the income of the Hospital during that period has, in practically every item, been maintained or increased.

Looking further ahead, the prospects for 1928 may be estimated with some degree of accuracy. Assuming the subscriptions, the Workpeople's fund, the congregational collections, the flag day, the patients' payments and the income from investments be maintained at approximately the previous year's figures, these should produce a total of about £1,300.

This means, therefore, that a sum of £500 must be obtained by means of special donations, dances and other functions, and does not seem to be beyond what may reasonably be hoped for, if the Hospital receives the same measure of public support as has been given to it in the past.

Reference should be made to two other matters affecting the finances. The successful series of Hospital Pound Day collections was continued in the past year, and on this occasion approximately £50 worth of groceries and provisions, etc., were brought to the Hospital, together with the sum of £19 7s. 6d, in cash. The Committee offer their thanks to all who have taken part in it.

Incidentally the occasion is a pleasant function at which the Matron and the Ladies' Committee meet many of the supporters of the Hospital.

The Ladies' Linen League, which publishes its own report, has collected a sum of £42 5s. 7d. during the year, in addition to providing 11 pairs of pillow cases, 6 pairs of sheets and other smaller items. There was in hand a balance of £40 15s. 4d. from the previous year, and of the total funds £33 5s. od. has been spent up to the end of the year on the replenishment of household linen, blankets, etc., and it is anticipated that further sums have been expended since the close of the year at the winter sales.

In publishing their report, the Secretaries of that fund say:— “Since its inauguration in 1920 the Ladies' Linen League has proved ‘an invaluable help to the Hospital.’” With this the Committee of the Hospital most cordially concur, and offer their thanks for the splendid work which the Linen League carries out.

One change has taken place on the Hon. Consulting Staff during the year. Mr. J A Coupland resigned his position as Hon. Consulting Surgeon, after having taken for many years a prominent part in the major operations performed in the Hospital, and Mr. A. Richardson, a Senior Surgeon at the Leeds Infirmary, has been appointed to fill the vacancy. The voluntary work of the Hon. Consulting Staff and of the Hon. Medical Staff continues to be the foundation of the Hospital's usefulness, and the Committee desire again to recognise the invaluable nature of the services of these gentlemen.

The able and expert assistance of the Ladies' Committee, in conjunction with the loyal services of the Matron and her Nursing and Domestic Staff, has secured the smooth and efficient running of the Hospital during the year.

Many tributes continue to be paid to the kindly and sympathetic atmosphere in which patients find themselves on entering the Hospital, and this is greatly to the credit of those concerned, and of undoubted value to the Institution.

The Committee again offer their thanks to the lady collectors for so ably carrying out their somewhat tedious duties, to all subscribers and donors, and to the many friends who have brought gifts of various kinds to the Hospital during the year.

Reference was made last year to the impending retirement of Mr. Cooper, the Chairman of the Committee. Twice previously Mr. Cooper had undertaken the duties for a further year, after he had wished to be relieved of them, and last year again, at the earnest

desire of the Committee (to whom the election of a Chairman was left by the Annual Meeting), he continued to occupy that position, thus postponing for a further year the problem of finding a successor.

All that need now be added to what has been said on a previous occasion, is that Mr. Cooper's recent action was entirely in keeping with the loyal devotion to the interests of the Hospital which has always marked his association with it, and at the end of a period of office extending over eight years, the Hospital is in a state of internal efficiency and financial stability, which enables it to face the future with confidence

The sum of £33 5s. od. has been spent on tablecloths, serviettes, teacloths, counterpanes and blankets. The Ladies' Committee is taking advantage of the January Sales to further replenish the linen, which they are enabled to do owing to the balance from the present fund.

Since its inauguration in 1920, the Ladies' Linen League has proved an invaluable help to the Hospital. It is entirely maintained by voluntary contributions, and it is therefore most desirable that the Fund should continue to receive generous support.

BEATRICE H. WADE, *President.*
